Subject: Palmetto Utilities sewage bill

We just received our Palmetto Utilities bill and it is ridiculous that they are raising rates so high. Isn't there something that can be done to help. Residential is going up as much as commercial this is crazy. I have lived in South Carolina for 10 years we are a retired military family and it is getting very expensive to live here with all the taxes we have to pay with the property tax on vehicles plus the tax we already pay on our homes and now this. We don't mind paying our fair share but it may be time to consider moving out of South Carolina. For them to raise this, this much is absolutely ridiculous.
